

Our Partnership with Stewardship

The Methodist Church is working in partnership with Stewardship to develop an individual giving programme to help you to give regularly and in a way that suits you. It's easy!

Stewardship does all the work for you. And for tax payers it will automatically claim any Gift Aid on the donation, adding 25p to every £1 given. You can manage all your regular gifts from this one account if you want – not just gifts to support Methodist Church funds.

A Stewardship giving account is a safe and easy way to organise your donations and only takes a few minutes to set up. There is no cost to donating through Stewardship. They do take a 3% administration fee from each transaction, but this saves the Methodist Church incurring banking and administration costs. You can give as little as £5 a month.

When you sign up we promise to:

- keep you up to date with stories of transformation across Britain
- communicate with respect
- keep your personal details safe
- stay accountable to you
- value every donation we receive from our generous supporters like you.
